PROFESSIONAL SUMMARY

Full-Stack Developer (MERN) with an MCA and 7+ years of industry experience managing large-scale financial datasets, dispute workflows, and transaction reconciliation. Proficient in building responsive, scalable web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Adept at bridging business logic and technical execution to build high-performance, data-driven software solutions.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB

Tools: Git, GitHub, VS Code, Vercel

Cloud: AWS

PROJECTS

Furniture Website (Full-Stack) | React, Node.js, Express.js, MongoDB, JWT | GitHub

- **Centralized Admin Control Engine:** Built an end-to-end administrative dashboard enabling complete platform control, real-time inventory adjustments, and order tracking from a single interface.
- **Hierarchical Catalog Management:** Architected nested multi-level product schemas (Categories, Sub-categories, and Nested Sub-sub-categories) with full CRUD operations for product attributes, variants (materials, colors), and stock levels.
- **Dynamic Content Management (CMS**): Developed dynamic controllers enabling administrators to update homepage sliders, promotional banners, and featured collections in real time without modifying frontend code.
- **Order Tracking & Pipeline Analytics:** Integrated an operational order management panel displaying order status, payment confirmations, customer transaction logs, and total fulfillment metrics.
- **Role-Based Access Control (RBAC):** Secured all administrative APIs and frontend routes using JWT authentication and custom backend authorization middleware to prevent unauthorized privilege escalation.
- **Modular Full-Stack Architecture:** Decoupled backend REST endpoints with optimized queries and implemented reusable, state-driven React components for low-latency client rendering.

PROFESSIONAL EXPERIENCE

Assistant, Toll Operations | Path India Ltd | 2023 – Present

- Reconciled 10,000+ financial transactions monthly with 99% accuracy and resolved data discrepancies.
- Worked with IT and accounting teams to troubleshoot system issues and streamline transaction workflows.
- Documented standard processes from operational data, which made team handovers faster.

Chargeback Specialist | Path India Ltd | 2018 – 2023

- Resolve 150+ transaction disputes daily by analyzing transaction data and gathering supporting evidence.
- Identify recurring dispute causes and build analysis frameworks that improve resolution accuracy.
- Prepare weekly operational and data-analysis reports for senior management.

INTERNSHIP & CERTIFICATION

Web Development Intern | Plasmid Innovation | Feb 2024 – April 2024

MERN Stack Development Certification | WS Cube Tech | Nov 2025 – Sept 2026

- Built web interfaces with HTML5, CSS3, and JavaScript, tested for cross-browser compatibility.
- Gained hands-on experience building full-stack applications with MongoDB, Express.js, React.js, and Node.js.

EDUCATION

Master of Computer Applications (MCA) | Sage University, Indore | 2022 – 2024
